Clifton Central Park (Flower Park) and Clifton Playing Fields

Points of Interest:

- When the Clifton estate was built due to post war housing shortages, it was recognised that the provision of open and green space was required. Therefore, a number of parks and open spaces were created, including two major parks; Clifton Central Park and Clifton Playing Fields.
- Clifton Playing Fields was laid out primarily for sport and recreation. Clifton Central Park was laid completely differently to cater for other community needs with shrub and plant beds and tree lined walks.
- Clifton Central Park is also known as Flower Park by local residents.
- The outdoor fitness equipment was installed at Clifton Central Park in 2009. For tips on how to use the outdoor gym, visit **www.mynottinghamgov.uk/outdoorgyms**
- Nethergate Stream runs through Clifton Central Park and through Clifton Playing Fields before meeting the Fairham Brook.
- Clifton Playing Fields hosts a number of sports facilities including bowling greens, tennis courts, a multi use games area, an indoor court, table tennis facilities, cricket pitches and football pitches, as well as a skatepark and BMX track.

Clifton Central Park Southchurch Drive, Clifton, Nottingham, NG11 8AB.
