For more information please email:

referrals@positivesupportgroup.com

The commissioned service is aimed at supporting individuals within their local area, to prevent placement breakdown or hospital admission.

Referral Information:
The individual must have a diagnosis of ASD or LD, must be under 18 years old
All referrals are received through the Dynamic Support Register (DSR)

Other PSG Offerings in the Midlands

We also offer a Positive Support Now (PSN) service for individuals who may not meet the criteria for the commissioned service. This service can support individuals of any age, with or without formal diagnosis.

We also offer support to Providers, providing service wide and person-specific positive behaviour support in residential, supported living and other community settings.
